Matt I just tweeted. Of course Russia wants Trump back in office because the Democrats are trying so hard to impeach Trump they aren't watching what the Russians are doing. Gives Putin plenty of room to play.

Seeing all the video's. The video of rooms that Paddock rented, and the video of the street where the shell casings laid. I believe Paddock wasn't the shooter. Never heard anything about gun powder residual test done on Paddock's hands. No muzzle flashes from the room.

Please, can you stop posting articles that are a year old with titles that make them seem like they're brand new? Even adding "flashback" or "From the Archive" or "still unresolved" or "From the Vault" or "something" so that I don't think it's a brand new story would be great

Bernie Sanders wants free health care for all and was asked how he would pay for it. His answer was raise taxes to 52% on anybody making over $29,000 per year.

52% of $31,200 = $16,224 in tax
$31,200 - $16,224 = $14,976 is your pay
$14,976 ÷ 52 weeks = $288 per week
$288 ÷ 40 hr week = $7.20 per hour

Last night at Trump' rally his supporters booed teenage climate change activist Greta Thunberg. Her "sin" was advocating to save our planet from climate change. This is Trumpism. Does anyone really want 4 more years of Trump's cruelty and bullying? Nah. Time for a change.

Let's trample the constitution every chance we get, then we will claim to be defending it when we need it to work for us. Let's destroy religion every chance we get and then claim to be prayerful when we don't want to look like the bad guys. Yup...typical leftist playbook.

No, I do not believe that MS-13 had anything to do with Seth Rich's murder. The notion that DWS had them on speed dial is laughable.

D.C. is Territorial as far as gangs go, not racially driven like some Metro's. MS-13 would not have been in that neighborhood at 4:19AM, trust me.

.@SecPompeo announced that the U.S. reached an understanding with the Taliban on a significant, nationwide reduction in violence across Afghanistan that will help to move our #AfghanPeaceProcess forward. This will advance progress toward a political settlement in #Afghanistan.

U.S. DEPARTMENT OF STATE
Office of the Spokesperson

For Immediate Release — February 21, 2020

STATEMENT BY SECRETARY MICHAEL R. POMPEO

Next Steps Toward a U.S. Agreement with the Taliban

The United States and the Taliban have been engaged in extensive talks to facilitate a political settlement to end the war in Afghanistan, reduce United States and Allied Forces presence, and ensure that no terrorist group ever uses Afghan soil to threaten the United States or our allies.

In recent weeks, in consultation with the Government of National Unity, U.S. negotiators in Doha have come to an understanding with the Taliban on a significant and nationwide reduction in violence across Afghanistan. Upon a successful implementation of this understanding, signing of the U.S.-Taliban agreement is expected to move forward. We are preparing for the signing to take place on February 29. Intra-Afghan negotiations will start soon thereafter, and will build on this fundamental step to deliver a comprehensive and permanent ceasefire and the future political roadmap for Afghanistan. The only way to achieve a sustainable peace in Afghanistan is for Afghans to come together and agree on the way forward.

Challenges remain, but the progress made in Doha provides hope and represents a real opportunity. The United States calls on all Afghans to seize this moment.

The United States thanks the State of Qatar and all other allies and partners for their support of peace in Afghanistan.

No, I do not believe that MS-13 had anything to do with Seth Rich's murder. The notion that DWS had them on speed dial is laughable.

D.C. is Territorial as far as gangs go, not racially driven like some Metro's. MS-13 would not have been in that neighborhood at 4:19AM, trust me.

However there's only one Presidential candidate who spent his Honeymoon in Moscow...

He just happens to be the Democrat Front runner who loves socialism and communism..

The President who's rebuilding America's military and made our economy the strongest in the world..

600$ x 52 weeks per yr = $31,200

Bernie Sanders wants free health care for all and was asked how he would pay for it. His answer was raise taxes to 52% on anybody making over $29,000 per year.

52% of $31,200 = $16,224 in tax
$31,200 - $16,224 = $14,976 is your pay
$14,976 ÷ 52 weeks = $288 per week
$288 ÷ 40 hr week = $7.20 per hour

One news site started that. That's all it takes.

The left doesn't want to know that. Hell, I didn't know he pardoned 1900 + people. When the media is in the bag, outrage is kept to a minimum. Remember the Benghazi video stunt, I have Lib friends that still believe that shit!!

The left doesn't want to know that. Hell, I didn't know he pardoned 1900 + people. When the media is in the bag, outrage is kept to a minimum. Remember the Benghazi video stunt, I have Lib friends that still believe that shit!!

We don't need aid. We need less oversight. EPA, airboard, cal Osha, water boards, food safety, farm bureaus, bureau of land management, sigma, usda, and the list goes on and on. The most frustrating part is they constantly contradict one another on policy.

Over 80% of antibiotics come from China. Supply chains dependent on China are a national security risk they could weaponize in a geopolitical conflict. How'd the Cuban Missile have gone if we were dependent on the Soviets for pharmaceuticals? Economic diversification is needed

Did Seth Rich have an autopsy? If not, why not?

Was there any type of investigation (local, Fed) into his murder?

Did he die at the scene, in the ambulance or later at the hospital?

Who was his attending doctor? Do we have names of staff nurses at the time?

Did Seth Rich have an autopsy? If not, why not?

Was there any type of investigation (local, Fed) into his murder?

Did he die at the scene, in the ambulance or later at the hospital?

Who was his attending doctor? Do we have names of staff nurses at the time?

I was thinking the same thing, but I think you mean, "You cant' have Socialism without Authoritarianism..."
Socialism relies on Authoritarianism or it fails.
Or are you hitting a nuance that I'm missing?

Blue "Baby Steps" Samurai Zero @BlueSamuraiZero · 12m
I know they're making an argument for S'ism by saying that all arguments against it are "really" against Authoritarianism.
It's a dodge. I know.
The two are intertwined, which is why S'ism is a stepping stone that C'ists use for power.

Mark our words: due to extreme partisan politics, the days of longterm career Executive Branch employment are over

All incoming administrators will have to clean house, to root out previous administration holdovers.

Don't expect jobs to last more than 4, or 8 years

Bernie Sanders said at the debate last night that he wants minimum wage to be $15 per hour.

15$ X 40 hr week = $600

600$ X 52 weeks per yr = $31,200

Bernie Sanders wants free health care for all and was asked how he would pay for it. His answer was raise taxes to 52% on anybody making over $29,000 per year.

There definitely has to be more to the Indian situation. Why haven't we been closer friends with India in the past? What were the politicians gaining from China which made it seem like they were our only trade option? Whenever there is push back, there is usually more to come.

Democrat debate is pandering. Gun control affects the behavior of honest people. Stop-Question and Frisk done constitutionally, is much more effective in reducing violence. And these phonies are discussing measures to control people who are controllable. Usual unrealistic lefties!

Democrat debate is pandering. Gun control affects the behavior of honest people. Stop-Question and Frisk done constitutionally, is much more effective in reducing violence. And these phonies are discussing measures to control people who are controllable. Usual unrealistic lefties!

There definitely has to be more to the Indian situation. Why haven't we been closer friends with India in the past? What were the politicians gaining from China which made it seem like they were our only trade option? Whenever there is push back, there is usually more to come.

Bernie Sanders said at the debate last night that he wants minimum wage to be $15 per hour.

15$ X 40 hr week = $600
600$ X 52 weeks per yr = $31,200

Bernie Sanders wants free health care for all and was asked how he would pay for it. His answer was raise taxes to 52% on anybody

Newsflash everyone: *No one said anything was wrong with having opinions.* In fact it's to @WrightUp's credit as an objective newsman that his socialism is a surprise to many. You SELECTIVELY zero in on remarks re socialism to divert from those re @ABC's perversion of journalism.

> Newsflash everyone: Journalists have opinions they share privately. We're not robots. To publicly embarrass a seasoned reporter for a private conversation caught on tape by an organization known for lying is incredibly frustrating.

.@SpeakerPelosi is a disgrace.

The coronavirus is not a time to try and score political points.

This is an issue that needs to be handled seriously, yet, Nancy can only focus on trying to insult Trump.

Her obsession with hating Trump is not only annoying, it is dangerous!

We can never lose the concept of limited government.

The founding fathers intended a government for the people and by the people.

A political class was never supposed to be running our country.

@SpeakerPelosi embodies the political deep state.

For those attacking me, Owen posted the video, I just shared it. Stated my opinion, which I'm allowed to do.

I've been telling most of you for over two years the biggest threat to the conservative movement is EGOS and those more concerned with popularity than truth and facts.

To be fair, it's not a good look for either Charlie or Owen. Charlie should have been more polite, but is under no obligation to sit down with Owen. And Owen shouldn't have acted like a child about it, disagreement is not fear

That's my take on the vid

If they are suing you, then request discovery! They dont have a case if you are reporting your opinion based on your research so you absolutely CAN fight it without donations. although I don't disagree at all with you asking. We need to band together over the coming years

President Trump should put Secretary of Housing/Urban Development Dr. Ben Carson temporarily in charge of the CoronaVirus situation so Democrats can argue how they're smarter than a world renowned neurosurgeon.

Now that's a great idea! But then they wouldn't be able to use the no diversity card anymore. Seems like the Dems have no problems dismissing the fact Dr Carson is black though!!

America must learn to be self sufficient again.. We can no longer be the most powerful nation in the world if we're dependent on other nations.

We're no longer dependent on the Middle East for Oil like we once were. Now we need to get Manufacturing, Medicine, all back at home!

There is a resurgence of rural America again. There are people who are 40 years old and younger dumping the city life. Moving out to the country and growing their own food and farms. The city states are being only supported by immigration and so called elites

People are focusing on the child abuse in this video, rightly so. But spare some scorn for the henpecked men in the background. A bunch of emasculated moral eunuchs. Spineless jellyfish. What kind of man even goes to a “drag brunch” in the first place?

Fast food isnt healthy. There are plenty of other options around the same price personally try to support local restaurants.
All in all, I leave politics out of things. Why not eat or shop somewhere because I disagree with their stance; then I'm no better than they are

For those attacking me, Owen posted the video. I just shared it. Stated my opinion, which I'm allowed to do

I've been telling most of you for over two years the biggest threat to the conservative movement is EGOS and those more concerned with popularity than truth and facts

We need our government to IMMEDIATELY work together to start manufacturing medicines in AMERICA again..

This should be UNANIMOUS... The fact that all of our medicines are made in China is absolutely sickening and horrific..

When are some members on either side going to step up?

The taxes and regulations are why stuff is made overseas. Trump wants to roll those back, Bernie wants more regulation and taxation.

Think before you vote folks

Can he also give some advice on relationships, maybe his favorite drink mixes, or a casserole dish...

That's about how credible he is to discuss the CoronaVirus...

America must learn to be self sufficient again.. We can no longer be the most powerful nation in the world if we're dependent on other nations.

We're no longer dependent on the Middle East for Oil like we once were. Now we need to get Manufacturing, Medicine, all back at home!

There is a resurgence of rural America again. There are people who are 40 years old and younger dumping the city life. Moving out to the country and growing their own food and farms. The city states are being only supported by immigration and so called elites

Now do you understand why we need to get manufacturing and things made in the USA again...

One word... CoronaVirus...

But the moral of the story is, don't put all of your eggs in one basket. American companies were greedy and moronic with China... This is what happens..

If they are suing you, then request discovery! They dont have a case if you are reporting your opinion based on your research so you absolutely CAN fight it without donations... although I don't disagree at all with you asking. We need to band together over the coming years

When Conservatives call out fellow Conservatives on their BS... The response is met... "Well that person is better than a Democrat.."

No one is arguing that fact, but asking them to do what they promised, and to fight for what's right isn't wrong. More people need balls!

I am pleased to announce the nomination of @RepRatcliffe (Congressman John Ratcliffe) to be Director of National Intelligence (DNI). Would have completed process earlier, but John wanted to wait until after IG Report was finished. John is an outstanding man of great talent!

While I am not happy with Pompeo's anti gay views, I must say he is the best Secretary of State in memory, and certainly the best we could hope for in this environment. He takes no crap from Democrats at home, or from leaders abroad. He is just the best.

Someone just cautioned me about tweeting this, "don't you want to speak at CPAC one day?"

If urging conservatives to stop capitulating to Leftists prevents me from one day speaking at CPAC, that's just an opportunity I don't need. There will be others.

Mini Mike is getting slammed. His debates were, perhaps, the worst in presidential debating history. A total phony who disavowed "Stop & Frisk" after swearing by it for years, and even recently. He horribly overused it, & then dropped when running as a Dem. A total phony!

It is cult like in the way teachers (not all but many) are pushing their liberal and socialist agenda. We pay extraordinary amounts of $$ for our children to be educated not to be indoctrinated for the lefts' narrative and agenda.

With the coronavirus epidemic affecting poor and rich people alike, Americans are starting to learn that universal healthcare like Bernie Sanders' Medicare For All is necessary for our country's basic survival. The only way to fight pandemics is to take care of everyone equally.

Whoever makes it to the convention with the most votes must become the nominee. A brokered convention that flagrantly violates the will of the people with Superdelegates is undemocratic. We can beat Trump in November if we listen to the voters and the actual will of the people.

Maybe this time appoint an actual physician to be the Coronavirus Czar like CDC Director Robert Redfield or Surgeon General Jerome Adams. Having Mike Pence in charge when he allowed an HIV epidemic to surge in Indiana when he was governor is just simply ludicrous

Also, calling the coronavirus a hoax when it poses a threat to older individuals especially those with chronic medical conditions like diabetes, heart disease, smoking, and obesity, is both irresponsible and callous. We have to care for our vulnerable elderly population

Shutting down speech, information and websites you simply don't like is the very definition fascism.

Virtual book-burnings, witch-hunts and apathy to the potential truth of the matter are what leftists have degenerated into.

I would find it hard to believe that failed presidential candidates Tom Steyer, or Mini Mike Bloombeg, would contribute to the Democrat Party, even against me, after the way they have been treated - laughed at & mocked. The real politicians ate them up and spit them out!

A legal analyst on Fox News just now says the US Supreme Court is off limits to criticism because they are looked up to by lawyers on both sides of the political aisles...

I'm sure that's exactly how our founding fathers wanted our government to operate....

When justices take verbal partisan positions, like Ginsburg and Sotomayer, they deserve all the incoming criticism they receive.

If you were watching Media Buzz on Fox News, I turned it off during the first segment and missed the legal analyst. Guess I got lucky. More and more of these shows have left slanted panels with little conservative representation. Legal analyst shutting down 1A. Shame on FoxNews

Today's episode reveals major criminal charges against close Soros associates for $343 MILLION, which is currently missing in foreign-aid, given during the Obama years.

The report was covered up by the Obama administration for 2 years until I dug it out in December of 2019.

Wait, I though President Trump didn't do anything? Oh that's right and you morons on the left fought him on this, and now you want to create a political fiasco all at the expense of Americans.

Shame on the Democrat Party and the Fake News Media!

Our sources take great risks.

Julian assange needs to testify in a skiff

I want to know where Seths laptop is?

His laptop was apparently seized by the FBI but nobody is talking about what was on it?

Why was Julian never questioned about the whole DNC podesta email debacle?

Trump must be really scared, desperate, and grasping at straws to be touting a poll by the New York Post. What's next, a poll from the National Enquirer? Most Americans have very little faith in a federal government that isn't even making coronavirus test kits widely available

76 260 2.0K

Eugene Gu, MD @eugenegu · 6h
If Trump cares about the American people, he would direct the CDC to make coronavirus test kits available for doctors to test elderly patients and those with chronic medical conditions in nursing homes and skilled nursing facilities since they are the most vulnerable

A Poll in today's New York Post says that 77% of "U.S. adults have confidence in their government's ability to handle the Coronavirus (Number One), compared to other health threats." 64% for Zika, 58% for Ebola. Others way down on list. Our professionals are doing a great job!

What a ridiculous, raging at everyone tweet. Rather than feed this White House troll, let's make something positive out of this. If you're a Medicare patient in California who wants to quit smoking, I'm offering free doctor's visits and medications.

Walmart needs to be put out of business! They are major players in the shadow govt. How many of the closed Walmart's have fences around them, tunnels, military equipment in the parking lots, etc?

A District Court judge has no authority to block this. The President can ignore his order and there's nothing he can do. We have equal branches of government and a district court has no such authority

What we do, @MelissaRyan, is give people info; raw and unfiltered.

Your argument that reporting true info "destroys lives" is anathema to the fundamental principles behind the 1st amendment itself...

An argument so absurd, it's only going to further bolster @Project_Veritas.
